

Vermont Health Care Association Sponsorship & Associate Membership Program

The Vermont Health Care Association, an affiliate of the American Health Care Association, represents over 90% of all skilled nursing home facilities in the State of Vermont. We also represent more than half of the residential care/assisted living facilities.

The Associate Membership Program was established to give non-provider businesses with an interest in the health care industry access to the services and resources of the Vermont health Care Association.

This year to offer you added value we have a membership package that includes an associate membership, a standard booth at the Trade Show as well as a hole sponsorship as and foursome at our Annual Golf Tournament.

Sponsorship & Associate Membership Application

Your Sponsorship and Annual membership fee you will show our support to Vermont's long term care industry and be kept informed of important industry developments and trends in Vermont.
