

The CMS Survey and Critical Element Pathways

When: December 12, 2017
 Location: Fireside Inn, 25 Airport Road
 West Lebanon, NH

Time: Registration: 8:30—9:00 a.m.
 Education: 9:00—4:15 p.m.
 (lunch included)

Education: November 28, 2017 is the implementation date for the new CMS Survey Process. The new Survey Process will be entirely different from anything that facilities have experienced in the past. Surveyors have been instructed and guided to assess your facility utilizing Critical Element Pathways and Surveyor Tasks that are either new, or revised, in the updated CMS State Operations Manual. Cat Selman will be providing explanation and instruction in regard to this process and the components of the major Critical Element Pathways which are anticipated to receive the most focus:

- General
- Infection Control & Immunization
- Sufficient & Competent Staff
- Resident Assessment
- Accidents
- And many, many more...
- Beneficiary Notice
- Abuse/Neglect
- Unnecessary Medications
- Behavioral/Emotional
- Discharge
-

Cat Selman consistently teaches in a manner that is easily understood. She provides insight as to surveyor focus and is on target with recommendations/instructor for staff operational process. Since this process will involve your Interdisciplinary Team, we recommend registering the entire team for the training.

Cost: VHCA Members: \$130.00 per person
 Non Members: \$250 per person
 *10% discount for 5 or more people from the same facility

CEUs: 6.0 CEUs

*No refund for cancellations received after 12/6/17. CEUs will only be issued after full payment has been received.
 Because of varying room temperature, we recommend that you dress accordingly (layered).*
