

Vermont Health Care Association

Sponsorship & Associate Membership Program

The Vermont Health Care Association, an affiliate of the American Health Care Association, represents 86% of all skilled nursing home facilities in the State of Vermont. We also represent more than half of the residential care/assisted living facilities.

The Associate Membership Program was established to give non-provider businesses with an interest in the health care industry access to the services and resources of the Vermont Health Care Association. The annual membership fee of \$600 will provide a listing on our website, and member pricing at the Annual Conference and Trade Show.

Sponsorship & Associate Membership Application

Your Sponsorship and Annual membership fee you will show our support to Vermont's long term care industry and be kept informed of important industry developments and trends in Vermont.
