

Navigating the New Facility Assessment,
 Developing Staff Competencies & Using QAPI
 to Hold It All Together!

- When:** October 4, 2017
Location: Fireside Inn, 25 Airport Road, West Lebanon, NH
Time: Registration: 8:30—9:00 a.m.
 Education: 9:00—3:30 p.m. (lunch included)
Education: **"Navigating the New Facility Assessment, Developing Staff Competencies & Using QAPI to Hold It All Together!"** The Facility Assessment is a component of Phase 2 RoP that will be implemented beginning November 28, 2017. If utilized properly, the Facility Assessment can become a key to strategic planning and improving your facilities position in the marketplace, strengthening your current service offerings through training and competency-based programs as well as help identify opportunities for new clinical programming.

 Under the revised RoP, SNFs must ensure that staff are able to demonstrate competency in the skills and techniques necessary to care for residents' needs. This session will focus on preparing SNF teams to effectively conduct a **Facility Assessment** and accurately identify the resources and skills needed to care for their resident populations, review useful tools and resources to assist in the development of clinical competencies and discuss methods of sustaining facility improvements through a QAPI approach.

Audience: Administrators, Directors of Nursing and Other SNF Leaders
Speaker: Amy Lee, RN, BSN, MSN, CRRN

Cost: VHCA Members: \$130.00 per person
 Non Members: \$250 per person
 *10% discount for 3 or more people from the same facility

CEUs: 5.5 CEUs

No refund for cancellations received after 9/17. CEUs will only be issued after full payment has been received. Because of varying room temperature, we recommend that you dress accordingly (layered).

Navigating the New Facility Assessment, Developing Staff Competencies & Using QAPI to Hold It All Together!

Objectives:

- Discuss the RoP revision to ***§483.70(e)*** related to conducting a Facility Assessment.
- Implement effective strategies to assist with conducting a thorough Facility Assessment and developing staff competencies necessary to provide the identified level of care.
- Demonstrate insight into evidence-based resources and tools to assist in the development of clinical competencies.
- Evaluate how effectively managing facility capabilities and competencies can result in improved employee and customer satisfaction.
- Identify how to use the Facility Assessment, strategic planning and QAPI to sustain facility improvements and better position your facility in the marketplace.
